Dear (Business name) employee:

Did you know that there are more than 105,000 people in the U.S. currently waiting for a life-saving organ transplant? Every day 18 people will die because not enough organs are available for transplant. In addition, hundreds of thousands of people could benefit from the gift of tissue and eye donations.

Recently, I joined Donate Life Wisconsin's Workplace Partnership for Life campaign. Donate Life Wisconsin is a statewide coalition of people who work in the field of organ, eye and tissue transplantation and donation. They taught me the latest facts and figures regarding organ, tissue and eye donation. Donation truly is the gift of life, and I am now personally motivated to be part of Wisconsin's goal to increase the number of people in our state who have shared their intent to be an organ, tissue or eye donor.

On behalf of the (number of employees) employees of (workplace), I joined other area businesses and committed our efforts to the statewide goal by joining the national *Workplace Partnership for Life* campaign. This campaign asks only one thing of us as a workplace: to offer employees the information they need to make a decision about organ, tissue and eye donation while giving you the opportunity to share your intent to be a donor.

To that end, we are creating our own (name of business) *Workplace Partnership for Life* campaign. Please watch for upcoming campaign information, and commit a few minutes of your time to learn about donation options.

Please consider the ultimate gift, the gift of life.

Sincerely,
